

PLAYHOUSE

Cod. 80903

GENERAL INFO :

Structure used as a house for recreational purposes.

Dimensions: L 166 x W 149 x H 155 cm

Safety Area Size: L 466 x P 450 cm

Free fall height: not present as the walking surface is at ground level (portholes and internal bench are not problematic elements for regulatory purposes and flooring).

User age beam : 0 - 8 years.

Structure made in compliance of European regulations UNI EN 1176/2018.

MATERIALS :

The entire structure is made of extruded high-density polyethylene, mass-colored and added with UV (100% recyclable).

The panels are rounded in every part in order to avoid the presence of sharp edges.

The fastening between the elements takes place by means of brackets "L" made of stainless steel, flat head stainless steel bolts and nuts.

Inside the house all nuts are covered and rendered inaccessible by caps anti-tampering, made of molded polyethylene.
